GOBLET's Relationships

- What are GOBLET's agreements, affiliations & alliances?
– ELIXIR-TeSS

The screenshot shows the ELIXIR-TeSS website interface. The top navigation bar includes 'Events', 'Materials', 'Packages', 'Workflows', 'Providers', 'Nodes', and 'About'. A search bar is located on the right. The left sidebar lists various scientific topics and tools. The main content area displays search results for '2D gel electrophoreses (DIGE)', '3-day hands-on NGS workshop', and 'Advanced regression methods'. Each result includes a brief description, scientific topics, and keywords.

First CODATA-RDA Research Data Science Summer School, 1-12 August, ICTP, Trieste

The first full introductory or Vanilla course will take place from 1-12 August 2016 at the Abdus Salam International Centre for Theoretical Physics in Trieste, Italy:
see <http://indico.ictp.it/event/7658/>

We are grateful for the support of the co-convenors, CODATA, RDA and ICTP, as well as sponsorship from The World Academy of Sciences, RDA Europe, the Association of Commonwealth Universities and GEO, the Group on Earth Observations. Thanks to this support 20 tutors and helpers and 60-70 students will participate.

The curriculum for the first course has been prepared in collaboration with a number of partners, including Software Carpentry, Data Carpentry and the Digital Curation Centre.

WG5 Educational advertising

WG Lead: Kristina Gruden (Slovenia)

WG Co-Lead: Markus Frohme (Germany)

This WG will assure that all knowledge produced in the Action will be converted into forms suitable for educational purposes, and several educational events (hack-a-thons/SOP writing) will be organised. STSMs will be established to foster scientific collaboration and exchanges between the participating institutes. STSMs are a major tool for disseminating know-how to ESRs and for promoting collaborations; thus, although ESRs are the principal target, experienced scientists can also apply if an STSM will provide unique opportunities in the context of CHARME. Suitable candidates will be selected following an application process and assessment by the MC. In addition to STSMs, summer schools and workshops will be organised. For all training activities, particular efforts will be made to utilise and synergise with existing infrastructures (including, but not limited to, the Training e-Support System (TeSS) being developed by ELIXIR, and GOBLET's Training Portal), to avoid costly and unnecessary duplication of effort. WG 5 will be responsible for developing an interactive learning and communication platform for sharing "best practices" and new information on quality management and standardisation between all domains. WG5 will also organise meetings for sharing best research practices relating to the objectives of the Action. Attention will

GOBLET's Relationships
