

What should we be doing?

The future: finding a way about...

what constitute a GOBLET course

What constitutes GOBLET materials

What are the criteria?

What are the standards

Split into groups

- Assign a chair and rapporteur
- Using a google doc discuss and respond to the following questions:
 - what constitute a GOBLET course
 - What constitutes GOBLET materials
 - What are the criteria?
 - What are the standards
- Present to all
- Find convergent points and define priorities

1. Materials matrix

- Learning objectives
- level/target audience
- Completeness of exercises (e.g. provide actual dataset that needs to be used)
- Topic
- License

Are these desirable or mandatory

2. Course matrix

- Statement of program objectives
- Statement of target audience
- List of pre-requisites (if any)
- List of trainers & their profiles
- Support materials (online &/or in print) submitted to GOBLET within one month of conclusion of event
- Balance of theory & practical components -what is acceptable depends on the course
- Measure of the actual learning intake
- Selection criteria for participants

3. How should our understanding of what the brand means be reflected in our logo?
